Holiday Table Runner Class Requirements

Date: November 21, 2026

Instructor: Susie Johansson

Time: 10am – 4pm

# of Students: 8

Skill Level: Beginner

Description: Use a quilt-as-you-go technique to make this holiday runner. Start with a fussy cut center fabric piece or an orphan block, add coordinator strips of fabric, and a coordinating binding fabric. Make the runner double sided with another holiday theme.

Learn to make your own pattern based on the dimensions of your own table.

Supplies Needed:

- A variety of fabrics in the theme you want. A focus fabric, embroidered block, appliquéd, or paper-pieced block for the center.
- Backing and binding fabric.
- Batting.
- Fun threads if you have them. Metallic, colors, variegated, even fluffy ones to couch.
- Bobbins wound to match the backing.
- Marking pen, Sharpie is okay.
- Sewing machine and basic sewing supplies, including extension cord/power bar.

- IF you want to do decorative top stitching, bring a machine with those features, not a Featherweight.
- Cutting mat, ruler & rolling cutter with a sharp blade.
- Safety pins.
- Small iron if you have one & pressing mat.

Preparations Before Class

- Measure the size that you want the finished project to be plus at least an extra inch on each side.
- Press fabrics flat.
