## Instructions for Quilt Sleeve

### Required for quilts / wall hangings

For quilts or wall hangings wider than 18", the sleeve must be 4" deep when completed. For wall hangings less than 18", the sleeve must be 2" when completed. **Note:** Sleeve not needed for Alphabet Challenge entries.

1. Cut a piece of fabric 8 ½" (wall hanging: 4 ½") deep and as long as the quilt width.
2. Machine stitch a 1" hem to the **outside** at each end.
3. Fold the 8 ½" (wall hanging: 4 ½") piece in half lengthwise with the end hems to the outside.
4. Sew a ¼" seam along the raw edges. Do not turn.
5. Position the sleeve so that the raw edges of the seam are facing the back of the quilt.
6. Whip stitch sleeve to back of quilt, being careful that your stitches do not go through to the front. The sleeve should be 4" (wall hanging: 2") deep, finished.
7. Stitch **back side** of sleeve ends to quilt.

When your entry is hung, the rod will go through the sleeve alone and not between the sleeve and the quilt. The rod will not catch because the end hems are on the outside.

**NOTE:** You may use triangle/prairie point sleeve in place of rod sleeve.

## Instructions for Pillowcase Labeling

### Required for all Quilt Show Entries

1. Each item must be in a **separate clean** pillow case.
2. Baste the paper label (preferably) or safety pin at the center of the **closed** end of the pillow case.
3. The label should be readable from the closed end - per the diagram.
